

## HOLOCAUST AND SOCIAL JUSTICE EDUCATION SEMINAR

Three National Writing Project Network Certified Holocaust Educators will guide participants through an interactive workshop using survivor testimony, primary source documents, and proven instructional materials designed to encourage students to find parallels between the social injustices of the Holocaust, modern genocides, and their own experiences.

Participants will interact with resources that promote students' accountability for the own roles on the stage of social justice while meeting school-wide literacy goals and national common core standards.

### Participants will receive:

- Paid lodging and food
- Professional Development credit
- Culturally relevant and pedagogically sound resources and materials
- Face-to-face meetings with genocide survivors and experts in the field
